The New Garage

Where the Town Stands.

ARTICLE ONE.

In 1911 an announcement was made by the Hon. Duncan Marshall that five Demonstration farms would be established in the Province of Alberta and one would be located at or near the town of Stony Plain, and subsequently Mr. Marshall came to Stony Plain in search of a location for the Farm. In the spring of 1912 he purchased NE 24 62 28 W4, SE 25 52 1 W5, and SW 25 52 1 W5, but would pay only a certain price for the land.

Arrangements were made by the citizens of the town of Stony Plain whereby the difference in the price which Mr. Marshall offered for the land and the price at which same could be purchased, and also for the clearing of 100 acres on SW 25 52 1 W5; in all the sum of \$2,600.00 was put up by the people of the town of Stony Plain, under the distinct understanding and promise of the Hon. Duncan Marshall that the Demonstration farms would be located on this land and also in the near future an Agricultural School would be built in connection with the same.

In addition, when the manager fenced in the Farm, he fenced in six blocks of subdivided portion of the Town of Stony Plain, altho this portion had never been purchased by the Government from the Townsite Co. The Government not having obtained title to this subdivided portion, the Town continued to tax same and subsequently in an action in the Supreme Court, the judge held that the land was properly taxed and that the Company was liable

for payment of taxes which amounted to some \$7,000.00. The Company was endeavoring to collect same from the Government because of the trespass by taking possession of and using the land. The matter was taken by the Company to the Utilities Commission, the members of which were appointed by the Provincial Government, and who compromised the taxes at \$1250, and whose jurisdiction and power to do so appear to be absolute.

A short time ago it was given out for publication that certain of the Provincial Demonstration farms were to be sold, and on Tuesday, March 14, when the Hon. George Hoadley, Minister of Agriculture, came to Stony Plain to address a meeting, a delegation waited on him in regard to the local Demonstration farm, and he advised the delegates that his intention was to dispose of the Farm here, retaining about 30 or 40 acres for experimental plots; that the portion to be reserved would be that lying close to the Town; and the intention is quite evident to reserve the subdivided portion of the Town which was wrongly fenced in.

Mr. Hoadley stated that he was doing so strictly for the purpose of economy, and that he intended to place a District Agent here, who would have charge of the experimental plots, in order to experiment on the growing of grains and grasses, and probably a few head of steers would be fed on the Farm each winter from the produce grown on the 30 or 40 acres.

(To be Concluded Next Week)

LOCAL NEWS.

IT PAYS TO PAY CASH.

Mrs. Campbell is able to be around again, after a severe attack of the grippe.

Mr. G. L. Cross, Gibbons Station was here on Saturday, visiting Mrs. Ingle.

Mr. and Mrs. Thos. A. Andrews of Strathcona were visiting with Mr. and Mrs. G. W. Shreeves over the week end.

Neil Sutherland, Peace River, was in town on Saturday.

Otto Wudel, Wetaskiwin, was in town over the week end.

Fred Heuch and wife, Banff, and Mr. and Mrs. Chas. Rode and child, of Leduc, were Sunday visitors with Mr. and Mrs. R. Dell.

Secretary Lundy last week issued the notices of assessment for the year 1922, to the town rate-payers.

The change in the running of the trains on the Grand Trunk, which were to have taken place last week, have been postponed for a month.

The office of Miller & Barron, Stony Plain Garage is now at the Royal Hotel, Phone 18, where orders will receive every attention.

Another restaurant was opened on Saturday last in the old Merchants Bank building on main street.

Mr. Henry Sinner opened a hair-dressing establishment next to the Kelly Store on main street.

Attention is drawn to the list printed on page six of this week's issue for the competition in ladies' work at 1922 Stony Plain Fair.

Silver Tea on Saturday next from 3 to 6, at the Methodist Church.

The St. Patrick concert Friday night under the auspices of the Stony Plain Womens Institute was quite a success. The different selections given were well rendered, each piece being heartily applauded. The dance which followed was well patronized.

A Warning—Tin throwing temptation in a lady's way to see Hardwick's Hat Display!

A special came out on the C. N. Railway last week, and brought out coal and oil, and took away a train load of grain from the Gillespie Elevator.

Everybody is welcome to look over the Military Display at Hardwick's and you will not be pressed to buy. The prices and styles speak for themselves!

When the snow-removal subject was brought up at the meeting last week of the Athletic Association the contract was awarded to Skys to Fitzgibbon of Drumtaughy, who gave the Secretary a written guarantee that the deposit would be removed by June 1st. Ye ken the toon canna do nae better.—Contributed.

A Lovely Assortment of Men's Sox Just In, as well as Spring Boots.

Also an up-to-the-minute Stock of Ladies' Stockings in the latest shades, in Silk, Silk Lisle, Mercerised Cotton, Cashmere. You will be surprised at the moderate prices. These are from Montreal, and quite the newest styles.

SPECIAL—Hardwick's 55c Coffee is the BEST you can get anywhere. Try it.

AN INVIGORATING HOT DRINK

"I Serve"

The words employed as the title to this article constitute the motto of the Prince of Wales, and giving consideration to the splendid services His Royal Highness has rendered to the Empire during the years since he reached his majority, it is probably not far wide of the mark to say that no former Prince of Wales strove quite so diligently to live up to the motto of his house, Edward, Prince of Wales, served with the British armies in France throughout the war, not in some safe billet, but well within the battle zone. Since the war he has hardly had a moment's rest from the really exacting work of discharging the duties of a task which has been aptly described as "the Empire's ambassador to all the world." He has unquestionably rendered invaluable service to Canada, Australia, New Zealand, India and elsewhere.

But in the work of empire, and in endeavor to create the best possible conditions for all people following the upheaval of the Great War, the Prince of Wales has no monopoly of the duty and responsibility of rendering service. Each and every citizen however humble their station in life has a like duty and responsibility and their own particular field in which to serve. And it is only to the extent that each individual citizen discharges that duty and gives service for the benefit of others that the desired betterment and progress in human relationships and conditions can be achieved.

Some men and women enjoy greater opportunities for service to their fellow citizens and to the extent that this is so their responsibilities are greater. Particularly it is necessary in these days that men and women entrusted with the administration of public affairs should be actuated with a keen desire to serve, because the consciousness of having served one's country and fellow men will, in all likelihood, be the only reward received.

Addressing the seven hundred or more Saskatchewan municipal reeves, councillors and secretaries-treasurer assembled in annual convention a few days ago, Hon. C. A. Dunning, Provincial Treasurer and Minister of Municipal Affairs, after reviewing the difficult financial conditions now confronting Western Canada, and sounding a note of optimism and encouragement, concluded his remarks by saying:

"Officials of municipalities have a duty to their people to perform, a service. These are difficult days for men who are in public service whether it is municipal, provincial, Dominion or Empire-wide. There is a psychology largely resultant from the hysteria of the past few years which is passing over the whole world which will ultimately produce good results. There is only one thing for us to do, only one thing for those of us who are public servants to do. Keep on serving. That is the way the world will be saved. It will not be saved by theorists and shouters but by the men who stick to their job, to their duty and serve with the very best that is in them."

The absolute truth of this declaration cannot be successfully challenged. Any person in public life today who is merely striving to achieve some personal ambition, or to gain some selfish end, or is actuated by any motive other than a sincere desire to render service, will prove a failure. No matter how earnestly he may strive for the public good, and even though he give all his energies and the best that is in him, to the point of great worldly sacrifices and the ruin of his health, the strong probabilities are that he will receive but scant thanks from the people who placed him in office and whom he has diligently sought to serve. The public, as a rule, are ungrateful and the man of the hour today is rejected with scorn tomorrow.

The daily press teems with instances in support of this statement. Hardly a day passes but records the overthrow of some Government or statesman who has rendered long and valued service to his fellow citizens, while great strikes and industrial upheavals the world over indicate that countless masses of people are anything but ready to yield their quota of unselfish service to the welfare of all, rather selfishness seems rampant, each individual or group striving to attain their own ends regardless of the effect on other individuals and group or the nation as a whole.

The true and loyal citizen, and the one who in the final analysis will enjoy the satisfaction of the commendation of his own conscience—and that, after all, is the most lasting and supreme satisfaction—is the one who, regardless of temporary success or the plaudits or sneers of others, sticks to his job and keeps on serving his country and fellowmen. Only so can the world saved through the great crises of the past; only so can it be saved now.

RHEUMATIC ACES QUICKLY RELIEVED

THE racking, agonizing rheumatic ache is quickly relieved by an application of Sloan's Liniment.

For forty years, folk all over the world have found Sloan's to be the natural enemy of pains and aches.

If penetrates without pain. You can just tell by its healthy, stimulating odor that it is going to do you good.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, strains and sprains.

At all drug stores—35c, 70c, \$1.40.

Saskatchewan Villages

Number of Villages in the Provinces in Now 348

With 14 incorporations during the 12 months preceding, the number of villages in Saskatchewan was increased to a total of 348 at the end of December, 1921. It was reported by officials of the Saskatchewan department of municipal affairs.

In addition to the 14 hamlets raised to the status of village, one village was created a town during the year. Star City became a town November 1, 1921.

The following are the new villages incorporated during the year, together with the dates of incorporation:

February 3, Rutledge; March 3, Birsay; March 14, Bateman; March 21, Beatty and Donnelly; April 28, Inasinger; May 31, Bursalt; June 22, Hodgeville; November 18, Kelvington; December 14, Lintlaw; December 15, Ridgedale; December 28, Plunkett.

Minard's Liniment for Coughs and Colds

WORLD HAPPENINGS BRIEFLY TOLD

Robert B. Robertson, pioneer Dawson miner and proprietor of the Bon Marche store, is dead at the age of 75. He was born in Scotland and came to Dawson many years ago from Seattle.

Working in a blinding snowstorm and with the thermometer near zero robbers tunneled into the vault of the Piedmont State Bank at Piedmont, Kansas, and stole liberty bonds believed to total \$50,000 in value.

The Fernmanagh Assize Court sentenced three men described as leaders to 10 years' penal servitude for participating in the recent kidnapping raids in Ulster. Eight others were given sentences ranging from five to eight years.

Baron Manton, of Compton Verney, was thrown from his horse and killed while fox hunting near Stratford-on-Avon. Lord Manton (formerly was Joseph Watson, head of a big soap firm. He was elevated to the peerage at the new year for his war service and philanthropy.

Reduction of the size of the United States regular army to 115,000 enlisted men, has been tentatively agreed upon by the sub-committee which is drafting the army appropriation bill at Washington. The present strength of the army is approximately 137,000 men.

TRYING TO RUB OUT YOUR RHEUMATISM

It Can't Be Done—The Trouble Must Be Treated Through the Blood

The pain of rheumatism is something you cannot rub out. Every sufferer from rheumatism has been advised to rub this liniment or that on the affected part, but after all the rubbing the pain remained. Rubbing did not cure it and can't cure it.

This blood and rheumatism come together and if they are properly treated they will go together. Rheumatism is in the blood—in poor watery blood. Sometimes cold, damp weather starts the aches and pains, but it is the condition of the blood that is at fault, and only by correcting this, and making the blood rich and red can the rheumatic poison be driven out. This is what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and muscular rheumatism show improvement as the thin blood is built up, and when the blood has been restored to its normal condition the trouble vanishes.

This is proved by the experience of Mr. John A. O'Neill, Port Hood, N.S., who says: "I was a periodical sufferer from rheumatism for years. I tried many remedies, but with indifferent results, and I just about concluded that the trouble was too firmly rooted in my system to be got rid of. While I was suffering from an attack a friend advised me to give Dr. Williams' Pink Pills a trial. I got three boxes and by the time I had taken them I felt much better. Then I got three more boxes, and when I had taken them not only was the rheumatism gone, but I was feeling better in every way. When I suffer from rheumatism I strongly advise a trial of Dr. Williams' Pink Pills. These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

He Would Reduce Somebody said to Bill the other day: "What made the trouble of 'Piss lean'?" and Bill said if he knew, he'd try it.

Teach Children To Use Cuticura Soap

Because it is best for their tender skins. Help is now and then with Cuticura Ointment. It is the best to first signs of redness or roughness. Ointment Talcum is also excellent for children.

See Dr. Williams' Pink Pills, Talcum, etc. Sold everywhere. But the best is Cuticura Soap. It is the best for the skin. Cuticura Soap always without stain.

Moving a Mountain

Task Undertaken by Engineers in Rio de Janeiro

Moving a mountain is the huge task undertaken by engineers in Rio de Janeiro, where the Morro do Castello—consisting of an estimated 7,000,000 cu. yd. of earth and rock—is being obliterated, the completion of which is expected to make the southern metropolis much more breezy, cool and healthful, besides adding some 66 blocks to the heart of the city. Various methods have been tried in the transporting of this mass from its present location and depositing it in the bay, among these being pick and shovel, mule cart, steam shovel, and "dinky or dummy train," all of which are described with full illustrations in the April Popular Mechanics Magazine. The presence of an old convent on the summit of the mountain has given rise to the rumor that gold is hidden near it, and causes advertisement among the credulous workmen.

Dye Any Garment Or Old Drapery in Diamond Dyes

Buy "Diamond Dyes" and follow the simple directions in every package. Don't wonder whether you can dye or not successfully, because perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Warm, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything, become like new again. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

Why He Asked "Ma, do we keep a hen any place?" "Why, no, my son. Why do you ask that?"

"I heard pa tell the new maid he would take her out riding when he sent the old hen away for the summer."—Boston Transcript.

Opportunities to Fake.

Leaving aside altogether the question of whether the prescription system is the proper one or not, says the Edmonton Journal, it has been contended that the work of filling the prescriptions should be in the Government's direct control and that it should have the benefit of the accruing profits.

The majority of druggists have gone on record as desirous to be relieved of this function. Those who were in the business not for the general sale of drugs, but simply because of the opportunity which as dispensers of liquor it gives them, will not be anxious for the change; but they should not count.

The Government has not taken the sale of liquor out of the hands of the druggists altogether, but will restrict sales by them to 6-oz. bottles at points where Government dispensaries have been opened. The dispensaries will fill prescriptions in such quantities and under such conditions as have hitherto been provided for.

The transfer of profits from the druggists to the Government under a new amendment to the Liquor Act is not the only consideration in its favor. It should result in stricter compliance with the law and should give more assurance of the purity of the liquor sold. As things are, large opportunities are given to unscrupulous druggists for the sale of liquor of a character far inferior to what it is represented to be.

FOR SALE.

Team of Purebred Clyde Mares in foal, used to hard work; colts can be registered, papers furnished; also good farm mare, 1200 lbs., young and sound; team of purebred colts, ready to harness; overstocked. Apply Wm. Gilbert.

Freight Rates on Spuds Down

A considerable reduction in freight rates on potatoes to two important market centres will permit of the marketing of several hundred cars of surplus potato crop of Edmonton district.

The rate from Edmonton to Vancouver, formerly 75c per cwt., is reduced to 45c. Later on, so soon as the necessary formalities in the U. S. can be carried out, the rate to Minneapolis will be made 60c, a reduction of 33c per cwt. A reduction will also be put into effect to Chicago.

Some time ago the potato growers of Edmonton district waited on H. A. Craig, Deputy Minister of Agriculture, and made a request for negotiation for reduced rates. He advised them to apply for reduction to two of the most important market points east and west: Vancouver and Minneapolis. Mr. Al Chard, freight traffic expert of the Provincial Government, also took the matter up, as did officials of the Edmonton Board of Trade. The reductions announced were the result.

Potatoes on the Blink.

It surely has been a punk season for the people engaged in the potato business and we will soon know whether there is to be any real business this season, says the Calgary Market Examiner. Mild weather will permit of shipments being made without danger of frost damage, and any place which looks like a market is likely to have some shipments on consignment. So far the American markets which might reasonably expect to take some of the Northern Alberta potatoes which can be shipped under the new freight rate, has not shown that it is of any use to us.

On the limited movement in Calgary district the dealers are able to get all they want at a price around \$18, delivered Calgary.

Fat Calf at 36 Cents a Pound

Thirty-six cents was the highest price per pound paid for any animal offered at the Fat Stock Sale of the Brandon Winter Fair, held last week. This price, live wt., was paid by a Catalog House in Winnipeg for "Billy Sunday" first prize winning steer in the boys' Fat Calf Competition, exhibited by a boy from Kenmay. Swift Canadian Co. paid 21c lb. for a Grade Shorthorn steer.

The Hon. Daniel's Birthday.

A very jolly evening was spent at the home of Mr and Mrs D. L. McKinlay, Comet, on Tuesday, March 7, when a large number of their friends took them by surprise to celebrate Mr McKinlay's fiftieth birthday.

Progressive whist was on the program till midnight, when a delicious luncheon sprang like magic from various hampers, which was thoroughly enjoyed. Dancing and music finished off the pleasant evening, when the guests departed, wishing Mr Daniel another half century of health and happiness.

Rus Wood, in his usual genial manner, contributed much to the evening's entertainment by acting as master of ceremonies and dispensed hospitality and good cheer with a lavish hand.

Among those present were—Mr and Mrs. Alex. Shaul, Mr and Mrs. R. E. Wood, Mr and Mrs. J. Eichenlaub, Mr and Mrs. Wm. Graden, Mr and Mrs. Muriel McKinlay, Mrs. T. Graden, Mrs. Elliott, the Misses Muriel Robertson, Margaret Schlitt, Emilie Miller, Thelie Zucht, Sara McKinlay, Alice Grey, Annie McKinlay, Florence Graden; the Messrs Wm. Anderson, Raymond Shaul, John Schlitt, E. McEachern, Percy Falkner, Geo. Major and several more of the juvenile age.

For Breaking Health Law.

A farmer in Illinois, U. S. A. after having his cattle Government tested, sold a re-actor to his hired man, who kept his family on milk from this cow. Five children have contracted the disease. The farmer is under arrest and has been convicted of breaking the Health Law of the State, and also for selling the cow. When the first child dies from TB, the charge will be changed to manslaughter.—From Northwest Farmer.

Seed Potatoes Asked For.

The following letter has been received by Mr Hardwick from a firm in the South, and explains itself: "Dear Sir, I am in the market for a small car of potatoes, about 15 tons. I want good potatoes for seed potatoes, and I want them to be free from scab."

Some of these I had last year were fire and others were full of scab and all mixed; many of the bags were labelled "Irish Cobbler," but I had one of the florists in and he claimed they were not Irish Cobbler, but a mixed lot.

Now, I want to get something good, that I can sell honestly to my customers. What have you to offer me? I need the following varieties: Early Ohio 6 tons, Irish Cobbler 4 tons, Early Boves 3 tons, Wee Magregor 2 tons, making a total of 15 tons.

Mr. William Gilbert,
Of Sunnybrook Farm,

We are going to improve our milk service by selling three grades of milk. Superior milk and cream milk 12 tickets for \$1. Superior which is a product with three times the cream in it, one quart ticket for a pint, and pure cream is two milk tickets per pint. We give same service as the city, only we deliver the milk in two hours after it is milked, while city milk is heated and kept until two days old.

Our prices for summer six months are: Price works out at Milk 8 1/2c per qt.; Superior at 17c per qt.; Cream 17c per pint. Try a bottle of Superior on fruit, porridge or in coffee. The ladies' delight for that afternoon tea.

Moose Jaw Member Deals With Problems Of Grain Marketing

Ottawa—Debate on the address saw participants from Ontario and the West. R. M. Johnson, Progressive Moose Jaw, thanked the Government for the reforms promised in the speech from the throne, even though, as set forth, they left a good deal to the imagination. He expressed the hope that the business barometer would continue to rise and that the improvement would be permanent. Business conditions in the West had been adversely affected by the tariff restriction in the United States. This had been very serious for the live stock industry, though not so much for grain growing. The people of Canada were not responsible for the imposition of these restrictions, but

he wondered whether those restrictions would have been imposed if the Canadian people had accepted the measure of freedom of trade which was offered to them in 1911. (Liberal applause.)

Dealing with the problem of grain growing, grading and marketing, Mr. Johnson said that the greatest blow that had ever been given to Western agriculture was the greater production campaign of 1918. The farmers had desired to respond to that appeal and to raise as large crops as possible. But nature could not be driven and when an effort was made to do so, the result would not be what was expected, while future returns would be handicapped. The present system for the physical handling of grain could not be, he thought, bettered, but he was speaking, he believed, for all in his section of the House when he said all opposition to the establishment of a wheat board had not been swept away. He did not mean that the wheat board system was perfect. He was disposed to agree that a voluntary co-operative system of control would be better. But the farmers were still living in "abnormal times" and they could not afford to wait for normal times for that ideal. He believed that 90 per cent. of the product of last season would be sold at less than the actual cost of raising it. He approved of the proposal to have the suggestion for the establishment of a wheat board investigated by the agricultural committee, but the country could not afford to wait for that investigation.

Pain In Her Arm Is Now All Gone

MRS. STANTON RECOMMENDS DODD'S KIDNEY PILLS

Woodstock Lady whose Rheumatism has Vanished Tells why She Believes in Dodd's Kidney Pills.

Woodstock, Ont.—(Special).—Mrs. John Stanton now lives on R. 1, near here is never tired of telling of the benefit she received from use of Dodd's Kidney Pills.

"About four years ago I had rheumatism in my left arm," Mrs. Stanton states. "It was so painful I couldn't dress myself."

"I read about Dodd's Kidney Pills and what they had done for others, so I sent and got six boxes. They did me good right from the start. The pain is now gone, but I keep Dodd's Kidney Pills in the house as I have an occasional touch of lumbago and they help it a lot. They help my husband's head too."

Dodd's Kidney Pills are the best known and most reliable of kidney remedies. They heal the kidneys, sound kidneys strain all the uric acid, the cause of rheumatism, out of the blood.

Ask your neighbors if Dodd's Kidney Pills do not make healthy kidneys.

Daylight Saving in Britain
London—"Summer time" in Great Britain will begin March 26 and end October 8. An order to this effect has been issued to secure uniformity in time with France and Belgium.

Backache

Backache is the outstanding symptom of kidney disease. When often made the mistake of attributing other causes and overlooking the danger of overlooking it when cause arises for its use.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for its use.

Mrs. Albert Brunet, R.R. No. 1, Ottawa, Ont., writes:

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good result. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel a good deal better. I have now used about six or eight boxes, and am completely relieved."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmonson, Bates & Co., Limited, Toronto.

HALIFAX EXPLOSION WRECKED HER NERVES

The reader will, no doubt, remember when a few years ago there was a collision in the Halifax, N.S. Harbor and one of the munition ships was blown up, causing great loss of life and laying a large portion of the city in ruins and causing a great deal of suffering and distress among the inhabitants.

Mrs. Winfield Dill, now of Windsor, N.S., was living in Halifax at that time and went through this trying experience and the shock wrecked her nerves. She writes as follows:—"I was living in Halifax at the time of the explosion, and it wrecked my nerves so that I could not do my household work. I would take such nervous spells I would be under the doctor's care."

I saw Milburn's Heart and Nerve Pills advertised, so I took two boxes, and they helped me so much I took six more, and now I am completely relieved. I can recommend them to anyone suffering from heart and nerve trouble."

To all those who suffer from nervous shock we would recommend our

HEART AND NERVE PILLS as the best remedy to tone up the entire nervous system and strengthen the weakened organs. Milburn's Heart and Nerve Pills are the original heart and nerve food having been on the market for the past 27 years. Price, 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Manitoba Election Predicted in June

Polling Probably Deferred Until Seeding is Finished.

Winnipeg—A provincial election in June is the prediction of political observers, following the defeat of the Norris Government in the Legislature. The election could not be brought on in less than seven weeks, it was stated by Frederick Axford, clerk of the executive council, and it is held to be probable that the active campaign and the polling will be deferred until seeding is completed in the province.

Asthma No Longer Dreaded. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it to-day and know for yourself.

China's Trade Outlook Considered Serious

Business Conditions Paralyzed By Strike of Seamen

Victoria, B.C.—Trade depression is noticeable throughout the Orient, and in China, the outlook is serious, according to F. W. Peters, general superintendent of the Canadian Pacific Railway, British Columbia division, who reached here from Hong Kong by the liner Empress of Russia.

Business conditions in China were virtually paralyzed by the strike of Chinese seamen at Hong Kong, said Mr. Peters. The Chinese Guilds have control, and now include all branches of Chinese labor. In Japan, Mr. Peters found competition keen. Much shipping, however, is tied up, owing to lack of cargoes.

Proposed Plans To Increase British Army By Further Enlistments

London.—Risks involved in the reduction of the army, in the opinion of the War Office, Right Hon. Sir Laming Worthington Evans, were outlined by him in introducing the army estimates in the House of Commons. He said the proposed personnel of 152,000, excluding the troops on the establishment in India, showed a reduction of 20,000, compared with the number in 1914, when there was behind the army a reserve of 146,000 men, and 55,000 militia. The reserve today, he said, was 65,000 and no militia, but there was a large potential reserve of war veterans.

Sir Laming said he proposed to strengthen the reserve by enlisting key men and make a fresh start with the militia at a cost of £1,000,000. Dealing with the risks incurred in consequence of the reduction, he said the army might be called on to reinforce the forces of the crown in India. In certain eventualities, reinforcements greatly exceeding the proposed future estimates might be requested. Sir Laming hoped that a sound policy and wise administration would justify running whatever risks were involved in reducing the army.

Resents Interference Of Viceroy

London.—A dispatch to the Central News from Belfast says Sir James Craig, replying to a question in the Ulster Parliament asserted that the Londonderry prisoners had been relieved over the heads of the Ulster Government, and that if there were further interference with the courts by the viceroy, he would resign.

Belfast.—The Belfast Telegraph declared that the police murders were committed to deter the Royal Irish Constabulary from joining the Ulster forces. The newspaper charged that the campaign was specially directed against Roman Catholic members many of whom already had intimated their intention of serving the Northern Parliament.

The Telegraph reports a document found by Sergeant Clark, contained

the names of 12 policemen who had been marked for assassination and all of whom had expressed their willingness to re-enlist.

EAST AND WEST AGREE

Lydia E. Pinkham's Vegetable Compound is Helping Sick Women to Health

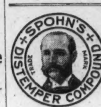

The two letters which follow clearly show the broad field covered by this well-known medicine. Women from every section you know some in your own neighborhood—praise Lydia E. Pinkham's Vegetable Compound as a wonderful medicine for troubles women often have.

From Prince Edward's Island—East

Miscoche, P. E. I.—"I had female troubles for two years. I always had a headache and a pain in my side and sometimes I felt so weak that I could not do my work. A friend advised me to take Lydia E. Pinkham's Vegetable Compound and I have taken six bottles of it. It has done me a lot of good and I am still taking it. I will tell my friends of your medicine and hope they will try it."—Miss. CLAVIA DES ROCHES, Miscoche, P. E. I.

From Saskatchewan—West

Wadena, Saskatchewan.—"A friend in Rose Valley recommended Lydia E. Pinkham's Vegetable Compound to me and it has been a great help to me. I recommend it and you can use this letter as a testimonial if you wish."—Miss. PETRA NORMAN, Wadena, Saskatchewan.

Spohn's Distemper Compound

OSTEMPER AMONG HORSES successfully treated with Spohn's Distemper Compound. During the winter and spring months horses are again more liable to contract our Spohn's DISTEMPER DYSENTERY, COLIC, COUGHS AND COLDS. As a preventive against these, an occasional dose of "Spohn's" is markedly effective. As a remedy for cases already suffering "Spohn's" is equally effective. Give it as a preventive. Don't wait. For sale at drug stores.

SPOHN MEDICAL COMPANY, GOSHEN, INDIANA, U.S.A.

THE BEST THING ON WHEELS

Imperial Mica Axle Grease prevents friction, heat and wear. Its use makes wheels turn easier and axles last longer. It also takes a load of strain off horses and harness. It goes twice as far and lasts twice as long as ordinary grease. Sold everywhere in various sizes from one pound tins to barrels.

—ON HARNESS

Imperial Eureka Harness Oil keeps your harness soft, pliable, strong and serviceable. It doubles the life of harness and reduces repair bills. Prevents cracking and breaking of stitches. Penetrates to every pore of leather, making it waterproof and sweatproof. It gives a rich black, lasting finish.

Ashmead Brothers.

Intoxicated Autoists.

The Motor Vehicles Act is being amended to the effect that anyone convicted of driving an automobile while intoxicated in this Province will suffer the penalty of having his car impounded for a fortnight.

If he repeats the offence he is to lose the use of it for any period up to six months.

This method of curbing the wild drivers has been tried elsewhere, and is said to have been eminently successful.

That it errs on the side of severity will not be claimed by anyone who is not afraid of suffering from it.

It has been suggested that an appropriate third proviso for the triple offence person should be deprived of the right to run a car in the Province for all time.

Use of Pump Guns Revived.

Pump guns are in fashion again in Alberta. In the Legislature last week it was decided that the pump guns were desirable, and the Minister of Agriculture undertook to negotiate with the Dominion Government which last year passed some prohibitory measures regarding the use of these pumpguns. If the negotiations with the Dominion Government are successful the pump gun will be in use this year with its magazine full of shells, as of yore.

In the course of a correspondence read by the Hon. Minister of Agriculture, it was shown that Benj. Lawton, Chief Game Guardian for Alberta, had suggested to the Dominion authorities the advisability of plugging pump guns so that only 2 shells might be carried in the magazine.

A Handy Calendar.

The Stony Plain Pharmacy is issuing calendars published by Rexall Drug Stores, that are among the best yet. On the face of the calendar are given, along with the figures, the phases of the moon and the weather forecasts, while on the back of each month are blanks for farm and household records—milk records, egg records, farm and household expenses, farm receipts, and some very useful information. The back card of the calendar is printed on both sides and contains a wealth of information—a blank form for making an inventory of your belongings, health and household hints, weight and measures, farm tables, first aid hints and many others. It also includes the regular information generally looked for on the first pages of the family almanac.

Japan Wants B. C. Goods

Cedar log shipments to the Orient have taken a sudden jump forward and during the past few weeks over \$3,000,000 feet have been booked on various steamers bound for Japan. The demand for cedar in Japan is increasing and the British Columbia market is finding difficulty in supplying the requirements.

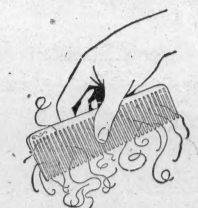

Catarrhal Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood upon the mucous surfaces of the CINE gives the patient strength by improving the general health and assists Nature in doing its work. All Druggists. Circulars free. R. J. Chesney & Co., Toledo, Ohio.

U.S. Took Bulk of Shingle Output Over 2,000,000,000 shingles, ninety-five per cent. of which went into the United States market, were cut by mills in British Columbia during 1921, according to the annual report of the Shingle Association of British Columbia. This report is on all grades.

DANDERINE

Stops Hair Coming Out; Thickens, Beautifies.

35-cents buys a bottle of "Danderine" at any drug store. After one application you cannot find a particle of dandruff or a falling hair. Besides every hair shows new life, vigor, brightness, more color and abundance.

William found a pocketbook But the string jerked it back

It looked like a happy discovery as it lay there on the sidewalk—until the discoverer reached to pick it up. Then the hidden string jerked it away. All William got was disappointment.

That's the way a good many people have found it to be with the comfort and cheer they thought they had secured in tea and coffee. When they came to depend on it—there was a hidden string, and nothing left but disappointment.

The drug, caffeine, in tea and coffee, is a nerve stimulant. Constant stimulation of the nerves often produces rebellion that takes the form of sleeplessness, headaches, irritability, high blood pressure. That's the string to tea and coffee.

Postum, that wholesome and delightful cereal beverage, is completely satisfying and there's no harmful quality whatsoever, to jerk away the comfort which you find in this splendid table drink. Any member of the family may enjoy Postum with any meal—and there will be no after-effects.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink when the meal is being prepared) made by boiling for 20 minutes. Sold by grocers.

Postum for Health—"There's a Reason"

Made by Canadian Postum Cereal Co., Limited, Windsor, Ont.

A Simple House Dress of Gingham

By Marie Belmont

The season is approaching when every particular housekeeper wants an attractive dress to wear about her duties indoors. The modern trend is for bright effects and gay colors in frocks of this type, and the example above is charming in red-checked gingham.

The square cut neck is flanked at either side by the yoke, and to this the waist is slightly full at the shoulders. Here and there the skirt joins the blouse at the lowered waistline, black wool embroidery imparting a striking note. A slender black patent leather belt finishes the costume.

The same frock may be made up in cotton, crepe or handkerchief linen for dressier occasions.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

Better a good paying job than a low salaried position.

Aim at the top. It may help you to land in the middle.

Corns are painful growths. Hollaway's Corn Remover will remove them.

Melon Growing by Mennonites

Melon Growing as a Commercial Proposition in Southern Manitoba
The Mennonites in Southern Manitoba have paid considerable attention to melon growing and have succeeded in cultivating both watermelons and muskmelons of good quality. Experiments at the Morden Experimental Station, near the Mennonite settlement, show that in hot years melons do well, and prove of excellent flavor, but when the summers are cool they do not flourish. At this station tests have been made in planting in the hot beds and transplanting to the open in comparison with planting in the field. Variety tests have also been made. On the whole the superintendent at the station is able to report satisfactory results. He declares that he sees no reason why melon growing should not be a commercial proposition in Southern Manitoba, especially having regard to the success achieved by the Mennonites, who besides having no scientific knowledge do not exercise a superabundance of care. Muskmelons and watermelons are alike easily grown.

E.C. Increases Lumber Export
The Provincial Minister of Lands reports that the water-borne lumber export from British Columbia in 1921 was in excess of 188,000,000 feet, an excess of about 44,000,000 feet over the record of 1920. A large share of this export went to Japan and China.

Minard's Liniment prevents Spanish Flu

HERMAN KURTZISCH

"When it comes to eating, working and sleeping, I'm like a different man from what I was a short time ago," said Herman Kurtzisch, 406 1/2 Norris Place, Milwaukee, with the Northwestern Life Insurance Co. in relating his experience with Tanlac.

"My whole system was about to give away as a result of two years' constant suffering from stomach trouble and I was so run down and worn out I was hardly able to work. I actually desired to eat, as after every meal I suffered so terribly from heartburn, and I was so nervous I got little rest day or night.

"If it hadn't been for Tanlac I'm firmly convinced I would have had to resign my place. It came to my aid in the nick of time and I am strong for it. Tanlac was worth at least fifty times what it cost me."

Tanlac is sold by all good druggists.

Grain Shipments Heavy
Nearly one and a half million bushels of wheat, oats and barley, have been brought down from the Peace River and Grande Prairie districts by the Edmonton, Dunvegan and British Columbia Railway since the first of September, according to figures issued by the railroad. Nine hundred and five railway cars have come down from the north country with 718,624 bushels of wheat, 67,635 bushels of oats, and 106,699 bushels of barley.

Cream Stations to Close.

Very lively discussion has developed over the possible effect of the abolition of the cream-buying stations throughout the Province, one of the bills which were passed last week thru the Alberta Legislature at the instigation of the Minister of Agriculture.

Creamery operators immediately took steps to line up on the new arrangement, and by the first of May, when the bill comes into effect, they will not have any stations operating, and in fact many of them will likely be down to a straight direct shipping basis before that, as there will not be any new ones opened up.

Mr. Moyer Resigns.

Mr. M. S. Moyer, who had been with the Atlas Lumber Co. as manager of the local yards, last week relinquished the position. Mr. McCool, from a Saskatchewan point, was named as his successor but he was unable to get here, thru illness. The manager position is Mr. D. Eaton, from Mundare, who will stay a month. Mr. Moyer has accepted a position with the firm of Armbruster and Hennig.

Dr. Frith, Edmonton, will be at Royal Hotel, Stony Plain, Saturday, March 25.

Stony Plain and District

Mr. Wm. Motiunis, from across the river, was in Stony on Saturday.

Sheriff Rao held a sale in Stony Plain on Saturday afternoon of a small bunch of stock and machinery which had been taken from a farmer at Golden Spike.

Gottlieb Gitzel left last week on a visit to friends at Friederstal, Manitoba.

Sunday morning's one o'clock train for Vancouver came thru at 7.30 a.m.

A car of potatoes was shipped to Prince George on Saturday, for which 30c a bushel sacked on cars was paid the grower.

Mr. Geo. Schindeck is holding a sale of his Ford car tomorrow afternoon at his place south of town.

A delegation of ratepayers from Inga, accompanied by a Councillor, waited on the Minister of Municipal Affairs on Tuesday last and aired a number of their grievances.

Tom Kyle of Stony was down to Stony last week, and purchased a purebred Holstein bull from a local farmer and shipped it home on Thursday.

While working in the well of Thos O'Brien, near Stony, on Wednesday, March 8, Ernest Ripski, well known in the Carvel district, was injured when a bucket filled with clay fell, striking him on the head. He was taken to Onoway Hospital, where he died on the 10th.

Mrs. Puncke finished up her series of splendid organization meetings on behalf of the U. F. W. A. with the meetings at Holborn on Friday evening, and the one at Granville on Saturday last. At all the meetings for the week she had a very good response to her invitation to the farm women to organize.

A. Kuhn has opened a General Blacksmith Shop at Bright, Bank, and is prepared to execute repairs of all kinds to farm machinery.

The regular meeting of the S-P Women's Institute will be held at the home of Mrs. Gates on Wednesday, April 5.

Mr. R. E. Wood paid 10c for hogs today.

Oysters at Zucht's Butcher Shop.

Accident to Mr. Bevington.

Geo. Bevington, a well known leader in the U. F. A., who lives at Winterburn, met with a serious accident near his home on Saturday afternoon last. He was driving his car south towards the crossing on the Grand Trunk Ry., which lays in a hollow cut in the trees. A freight train was passing at the time, and it is alleged that the grade being downward and the train heavy, steam was shut off and the train was moving noiselessly. The wind was in an opposite direction, southeast, which would make it difficult to hear the approach of the train. Just before the impact, Mr. Bevington made an effort to swerve his car, but it was too late. The engine hit the car sidewise and wrecked it completely.

The train was stopped and the crew brought the injured man to the City, where he was removed to the Royal Alexandra Hospital. While no bones were broken, the injured man was pretty badly shaken up, received a severe cut under his right eye, and the scalp was torn in several places.

THE L. FREIFELD DEPARTMENTAL STORE

School Board Meets.

The Trustees of Stony Plain Consolidated S. D. held their regular meeting last week, at the office of its Secretary, when the report of the medical inspection of the school children was received and discussed.

A report on the van service for the month of February showed there had been one only van late once, and this for 5 minutes.

The Secretary reported the receipt from the Department of a grant amounting to the sum of \$1218.

The insurance on the school buildings and equipment has been increased by \$300.

The matter of allowing Mr. Chas. Holling, an employee of the Board, to act as Town Poundkeeper, was brought up, and after an explanation had been given, the Trustees gave consent to Mr. Holling acting in this capacity.

Several accounts were passed and ordered paid, after which the Board adjourned.

Mr. Farmer, I am offering you a Pocket Bon Watch for \$2.00 as a Saturday Special. This is a sound investment, at C. Plaster's Jewelry Store, Stony Plain.
